

JUNE 21ST 5:00PM

TDLEE FARMS: 1413N 900E RD MELVIN, IL

FARMING IN BALANCE:

BRINGING BACK WILDLIFE TO THE FARM

Event Description:

This field day will look at how cover crops can bring wildlife back to your farm and the benefits they provide which will increase farm profitability. Listen to Cassandra Wilcoxon a University of Illinois Researcher talk on upland birds utilizing cover crops in Central IL and Kim Erndt- Pitcher with Prairie Rivers Network talk on incorporating habitat and cover crops to bring in beneficial insects.
